Jojo Congrats:) You know Jo? The cell number of janice out of service uli. I'm just trying to take back my speakers and I saw them for sale at Cash Converter. u did not give her a consent or authorization to sell them. The last text I sent to her is to take back where they picked them up. But she changes her cell phone all the time. Please help me to get them back, since you are good friend of them Janice and Rocky. I am really disappointed of this couple. Kaaway Lang nila si Barry pero and anak kong inosente idanadamay no janice. She even gossiping that my daughter is pregnant. Ayaw ko ng makagat nang lamok Ang anak ko ipakakagat ko pa Ang anak ko sa tao. Pagsabihan mo ng yang kaibigan mo na huwag niya akong kalabanin. Dahil marami pa silang utang sa akin financially. Kaawayin na nila lahat ng Tao huwag Lang ako. At baka iabot ko sa kanila Ang mga bounced check nila at promissory notes. at Baka tuluyan akong magalit singilin ko sila sa sa nabentang mga speakers. So please let janice and rocky na nakakarating na sa akin Ang mga gossip na ikinalat nila. Any way Jojo wala akong galit sa iyo if you are not associated with them I will support you Jo all the way. But if you need help from me you know my cell:) Rake good care my friend:)

Thanks Tita Nelly. Here s my piece of advise. Problems will only get worst if we allow others to interfere or use our own personal issues to further their own agenda. Pag hinayaan mong maki alam o gamitin ng ibang ang personal mong issue mas gugulo lalo yan at hindi maaayos.. Better resolve d problems privately para maayos.

I did not even bother with gossip before because alam kong di totoo na Ang anak ko ay flirting with anyone. She was only 16 that time. At lumaki si Fani full of love, care and support from me and my family. And janice used Fani for janice own advantage. I have to follow Fani around so I know what is going on that time. So I have to full out Fani from them. Because Mother's gut feeling that Fani is not safe with the couple any more. Tho that they Janice and Rocky kept promising me that they treated Fani like their own sister. And I don't have to worries. I have all the texts and communications. Re: my speakers why they have to sale them without contacting me and telling me? I have to report to the police about it. I am still willing to forgive the couple if they are willing to return all the speakers and the list of them been texted to janice. The last cell number you texted to me. Take care and hope to seattle this issue soon.

Thanks tita nelly. To be honest I don't know the details about the Issues regarding Fani and that something that u should discuss with them. I just hope na ma settle nyo amicably ang problem. And I hope na Hindi gamitin ng ibang tao ang personal na problem ng both parties para sa pang sarili nilang agenda. Alam mo na ang mga ibang Tao na yan. Walang ng ginawa kundi pakialamanan ang personal na problem ng ibang Tao at gamiting paninira sa community. God bless.
